**West Virginia State Code §8-1-5a (m) provides:**

“Commencing December 1, 2015, and each year thereafter, each participating municipality shall give a progress report to the Municipal Home Rule Board and commencing January 1, 2016, and each year thereafter, the Municipal Home Rule Board shall give a summary report of all the participating municipalities to the Joint Committee on Government and Finance.”

The Municipal Home Rule Board has developed this standard format for Home Rule Program participating municipalities to prepare and submit their respective Annual Progress Reports. The intent of this standard format is to gather and compile information in a consistent, easily understood, and efficient manner that will be used to develop a concise and practical summary report to the Joint Committee on Government and Finance.

Annual Progress Reports must be submitted electronically as an individual file in PDF format no later than the close of business on the first business day of December, by emailing to WV Municipal Home Rule Board at [MunicipalHomeRule@wv.gov](mailto:MunicipalHomeRule@wv.gov).

| <p><b>REVENUES</b> – In the space below, please provide a brief narrative highlighting revenue amounts and revenue categories realized; revenue amounts and revenue categories reduced; net revenue gain; and, any metrics used to track performance.</p> <p>The collection of the Municipal Sales and Use Tax went into effect July 1, 2020. We received our first direct deposit 10/23/2020. Our Fiscal Year 2021 sales and use tax collection was \$4,145,070.75. Our Fiscal Year 2022 sales and use tax collection was \$4,724,265.39.</p> <p>Several of our B&amp;O tax classifications were reduced to partially offset the gains from the Sales Tax revenue. Those reductions went into effect July 1, 2020.</p> <p>The significant classifications that were reduced are as follows:</p> <table border="0"> <thead> <tr> <th></th> <th style="text-align: center;">Old Rate</th> <th style="text-align: center;">New Rate</th> </tr> </thead> <tbody> <tr> <td>B. Manufactured products</td> <td style="text-align: center;">0.20%</td> <td style="text-align: center;">0.10%</td> </tr> <tr> <td>C. Service and all other Business or Callings</td> <td style="text-align: center;">1.00%</td> <td style="text-align: center;">0.90%</td> </tr> </tbody> </table> <p>Based on gross revenues reported on the B&amp;O Tax Returns and the differences in the old and new rates we theoretically lost \$722,752.64 during FY2021. Based on the aforementioned premise, we theoretically lost \$662,070.32 during FY 2022.</p> |          |          |  | Old Rate | New Rate | B. Manufactured products | 0.20% | 0.10% | C. | <p><b>SUCSESSES</b> – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance.</p> <p>From the beginning of our Home Rule Application, building a new city hall has been a priority. Because the Village tries hard not to borrow money, we are currently saving the revenue for a multi-million dollar building project. During FY2022, we spent \$19,758.50 on preliminary design work for building a new city hall.</p> <p>To aid in the completion of a major upgrade to the Barbourville Park Sports Complex during FY2022, \$32,606 of the Municipal Sales and Use Tax revenue was used.</p>  |          |          |  |          |          |                          |       |       |  |       |       |                |       |       |   |       |       |

Another major success is diversification of the Village's revenue. This diversification reduces the tax burden from the local business onto the consumer. Because the State Tax Department is so large, we get the advantage of their work identifying non-compliant out of state companies competing with our brick-and-mortar stores.

**LESSONS LEARNED** – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

1. We sent out 2 notifications to all of our B&O Tax businesses about the changes to specific rates. Most businesses were in compliance immediately. However, several businesses did not calculate the correct tax because of the rate reductions. Municipalities that implement the Sales Tax will be very pleased by the efficiency of the State Tax Department.
2. Allowing our Mayor to request a designation agent to receive the quarterly sales tax remittance information is extremely useful when trying to compare the businesses that are properly licensed in the Village. This helps insure the Village is capturing all the businesses we can in the city limits.
3. Sometimes businesses outside of Village limits have collected and remitted sales tax to the State just because their mailing address is Barboursville, WV. The Village sent the proper zip+4 codes with the application but that information is not always being cross checked by the State and businesses.
