MUNICIPAL HOME RULE PILOT PROGRAM

City of Bridgeport

2018 PROGRESS REPORT West Virginia State Code §8-1-5a (m) provides:

"Commencing December 1, 2015, and each year thereafter, each participating municipality shall give a progress report to the Municipal Home Rule Board and commencing January 1, 2016, and each year thereafter, the Municipal Home Rule Board shall give a summary report of all the participating municipalities to the Joint Committee on Government and Finance."

The Municipal Home Rule Board has developed this standard format for Pilot Program participating municipalities to prepare and submit their respective Annual Progress Reports. The intent of this standard format is to gather and compile information in a consistent, easily understood, and efficient manner that will be used to develop a concise and practical summary report to the Joint Committee on Government and Finance.

Annual Progress Reports must be submitted electronically as an individual file in PDF format no later than the close of business on December 1, 2017 by emailing Courtney Shamblin at courtney.d.shamblin@wv.gov, West Virginia Development Office, West Virginia Home Rule Pilot Program, State Capitol Complex, Building 1, Room W-300, Charleston, West Virginia 25305, 304-558-3356.

In August 2009 quarterly report to the Home Rule Board, Bridgeport stated that in January 2009, the city applied to the Harrison County Commission to annex Meadowbrook Road, which is separated from Bridgeport by a shoestring annexation. The commission permitted the annexation, but then allowed Clarksburg to annex portions of the same property, resulting in a "dual approval of the same territory." Bridgeport then filed a "Writ of Error" against the Harrison County Commission for failing to meet open meeting law requirements when granting Clarksburg's annexation. By June 2010, the Circuit Court of Harrison County reversed the Clarksburg annexation. Bridgeport's annexation is now official, and "public support for our annexation from those interested parties was overwhelmingly positive."

SUCCESSES – In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.
Bridgeport's quarterly update of June 2011 noted that Harrison County Commission filed a lawsuit against this proposal, requesting instead that the non-city portion of Bridgeport's first-due fire service area be reapportioned to surrounding volunteer fire stations, which would remove the need for Bridgeport to establish fire service fees in that area. Bridgeport further indicated that it agreed to the request and would end services to this area, but that it would reverse this action if the court rules in the City's favor. Bridgeport's quarterly update of September 2011 then noted that Bridgeport will begin charging fire service fees, regardless of the lawsuit. The city stated that it can implement a fire service fee for the non-city portion without the Home Rule Board and used Chapter 8-13-13. Since then, the City of Bridgeport was successful in the Supreme Court. Case #13-0378 Court Ruling Date: 2-14-14

SUCCESSES — In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.
This initiative allows our businesses that sell alcohol in their establishments to begin selling to patrons after 10AM on Sundays. The City wanted to become competitive with larger cities across the United States that already allow this on Sundays. It has proven to be successful and popular as "Brunch" is becoming more and more popular.

The change in methodology and streamlining of the City of Bridgeport's Business License requirements has been revenue neutral as intended. SUCCESSES – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance. As stated above, this initiative has been revenue neutral and therefore there are no additional funds available as a result of this change. The most significant advantage or benefit from this initiative is the simplification of the licensing process not only for city staff, but also for the business owners within our city limits. LESSONS LEARNED - In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities. Overall, the City of Bridgeport's business owners have been more compliant and less critical as a result of streamlining the license fee for all businesses.
