MUNICIPAL HOME RULE PROGRAM

City/Town of Bluefield

2021 PROGRESS REPORT
West Virginia State Code §8-1-5a (m) provides:

"Commencing December 1, 2015, and each year thereafter, each participating municipality shall give a progress report to the Municipal Home Rule Board and commencing January 1, 2016, and each year thereafter, the Municipal Home Rule Board shall give a summary report of all the participating municipalities to the Joint Committee on Government and Finance."

The Municipal Home Rule Board has developed this standard format for Pilot Program participating municipalities to prepare and submit their respective Annual Progress Reports. The intent of this standard format is to gather and compile information in a consistent, easily understood, and efficient manner that will be used to develop a concise and practical summary report to the Joint Committee on Government and Finance.

Annual Progress Reports must be submitted electronically as an individual file in PDF format no later than the close of business on December 3, 2018, by emailing Courtney Shamblin at courtney.d.shamblin@wv.gov, West Virginia Department of Revenue, West Virginia Home Rule Pilot Program, State Capitol Complex, Building 1, Room W-300, Charleston, West Virginia 25305, 304-558-3356.

A. General Information

Name of Municipality: City of Bluefield
Certifying Official: Ron L. Martin Title: Mayor
Contact Person: Dane D. Rideout Title: City Manager
Address: 200 Rogers Street
City, State, Zip: Bluefield, WV 24701
Telephone Number: 304.327.2401 ext. 2406 Fax Number: 304.327.8670
E-Mail Address: citymanager@cityofbluefield.com
2010 Census Population: 10,447

B. Municipal Classification

☐ Class I ☑ Class II ☐ Class III ☐ Class IV

C. Attest

I hereby confirm that I am the authorized official for this municipality and certify that the information submitted herein and attached hereto is true and accurate and that this report addresses each and every initiative included in the original Home Rule Program Plan for this municipality and any subsequent amendments, if applicable.

SUCCESSES — In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.

The City has not yet had occasion to exercise this authority. This authority is deemed complementary to the authority found in W.Va. Code §1-5-3, which permits transfers between public bodies without considering, alone, the value of the property. The City has created an Economic Development Authority pursuant to W.Va. Code §7-12-1 et seq., and a land reuse agency pursuant to W.Va. Code §31-18E-1 et seq., and has transferred some property to the land reuse agency under that statute, but has not yet had occasion to transfer City owned property to a non-profit organization under these home rule powers. In 2018 the City acquired, by donation, a former nursing home facility located a few blocks from City hall, with the intent that the property ultimately be transferred to a non-profit organization for use as a residential substance abuse treatment facility, but the conversion of the facility was not funded. Along with this structure, the City owns other structures and properties that may prove to be of benefit to non-profit organizations and/or for the revitalization of the City, including an historic church near City Hall that was conveyed to the City in lieu of condemnation proceedings.

LESSONS LEARNED — In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

The City learned in the implementation of these authorities that it needs a comprehensive property management strategy. These powers, plus the Land Bank and the existing Buildings Commission (which addresses declining and dilapidated structures, and has the power to order demolition) give the City a variety of tools to address our numerous property challenges. The challenge going forward will be to utilize these powers and agencies in a coordinated, holistic fashion to address the numerous challenges associated with a shrinking population and the resulting abundance of aging housing and building stock.
Initiative: On-Spot Citations

Category of Issues Addressed (check all that apply)

☐ Organization  ☑ Administration  ☐ Personnel  ☐ Other

Was this non-tax initiative a part of your original plan application ☑ or a plan amendment☐?

Has the ordinance(s) needed to implement this initiative been enacted?  ☑ Yes  ☐ No

If yes, when was the ordinance enacted? May 26, 2015

If no, please describe challenges faced in enacting the related ordinance(s)

SUCCESES – In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.

The on-the-spot citation authority continues to be a key strategy in the cleaning up of the City. Generally, the citations result in a municipal court appearance for the offender, which typically will result in the offender being afforded a period of time to abate the problem before the citation is finalized and a fine imposed. This process successfully resolves all but the most egregious cases or cases with the most intransient offenders.

LESSONS LEARNED – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

The City has two basic processes to address dilapidated or neglected properties. The first is the use of this authority, and the second is the use of condemnation proceedings under the authority of the City’s Building Official. Neither of these tools are particularly effective to deal with property conditions which arise from poverty, lack of access to capital, or physical or mental disability. The City needs a non-profit, citizen driven organization to assist residents with simple property maintenance issues that the residents may be unable to address for these reasons.
### Initiative: Contracts with Other Jurisdictions Via Resolutions

**Was this non-tax initiative a part of your original plan application ☑ or a plan amendment ☐?**

**Has the ordinance(s) needed to implement this initiative been enacted?**

- ☑ Yes
- ☐ No

If yes, when was the ordinance enacted? May 26, 2015

If no, please describe challenges faced in enacting the related ordinance(s)

---

**SUCCESSES** – In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.

This initiative was implemented with the understanding it would allow contracts to not be held up an extra month for readings. Such contracts have not come to term at this time, but they will allow for quick passage at the time they are brought before the governing Board of Directors.

---

**LESSONS LEARNED** – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

We expect to understand more about the utility of this authority when we have occasion to use it.
Initiative: Procurement of Architect-Engineering Services

Category of Issues Addressed (check all that apply)

☐ Organization  ☑ Administration  ☐ Personnel  ☐ Other

Was this non-tax initiative a part of your original plan application ☑ or a plan amendment ☐?

Has the ordinance(s) needed to implement this initiative been enacted? ☑ Yes  ☐ No

If yes, when was the ordinance enacted? July 14, 2015

If no, please describe challenges faced in enacting the related ordinance(s)

SUCCESES – In the space below, please provide a brief narrative highlighting successes realized through the implementation of this initiative and any metrics used to track performance.

As noted in the previous report, the City has been awarded at $1 million dollar power grant and a $1 million dollar matching Shott Foundation Grant to develop property owned by the City at Exit 1 of I-77. Using the authority conferred under this section, the City published a request for proposals and interviewed a number of highly qualified architect/engineering firms for the design of the project. This process resulted in the selection of RK&K Engineering to perform the design work and this project has been proceeding as planned. We expect to use this authority on other economic development projects as the City moves forward.

LESSONS LEARNED – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

The use of this process to select the architect/engineering firm for our Exit 1 project demonstrates the enormous utility of this authority. The City is in a transformational period, and was very pleased in 2019 that financial software giant Intuit announced the location of a “Prosperity Hub” in Bluefield, bringing up to 500 jobs to our downtown. The growth that we are seeing will bring with it new needs and new opportunities, and anticipate using this authority regularly as we shift from an old to new economy.
Please use this page to report progress on each tax related initiative included in your Home Rule Application. Each tax related initiative must have a separate page.

**Initiative: B&O Tax Reduction and Retail Sales Tax Implementation**

If yes, when was the ordinance enacted? October 11, 2016

If no, please describe challenges faced in enacting the related ordinance(s)

---

**REVENUES** – In the space below, please provide a brief narrative highlighting revenue amounts and revenue categories realized; revenue amounts and revenue categories reduced; net revenue gain; and, any metrics used to track performance.

When we implemented the sales tax ordinance, we also reduced 5 categories of Business and Occupation tax (retail sales, water, electric, gas & contracting). Each year the city has produced a net gain when considering the reduction of B&O Tax and the receipt of the sales tax. The net gain figures follow: FYE 2018 net gain $379,321; FYE 2019 net gain $765,836; FYE 2020 net gain $822,249; and FYE 2021 net gain $685,217.

---

**SUCCESSES** – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance.

The sales tax revenue is being used to fund the General Fund Budget in place of the reduced B&O tax.

---

**LESSON LEARNED** – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

If we could have foreseen the future, we would not have made as large a reduction in the B&O Tax.
