MUNICIPAL HOME RULE PILOT PROGRAM

Parkersburg, WV

2019 PROGRESS REPORT
West Virginia State Code §8-1-5a (m) provides:

"Commencing December 1, 2015, and each year thereafter, each participating municipality shall give a progress report to the Municipal Home Rule Board and commencing January 1, 2016, and each year thereafter, the Municipal Home Rule Board shall give a summary report of all the participating municipalities to the Joint Committee on Government and Finance."

The Municipal Home Rule Board has developed this standard format for Pilot Program participating municipalities to prepare and submit their respective Annual Progress Reports. The intent of this standard format is to gather and compile information in a consistent, easily understood, and efficient manner that will be used to develop a concise and practical summary report to the Joint Committee on Government and Finance.

Annual Progress Reports must be submitted electronically as an individual file in PDF format no later than the close of business on December 3, 2018, by emailing Courtney Shamblin at courtney.d.shamblin@wv.gov, West Virginia Department of Revenue, West Virginia Home Rule Pilot Program, State Capitol Complex, Building 1, Room W-300, Charleston, West Virginia 25305, 304-558-3356.

If no, please describe challenges faced in enacting the related ordinance(s)

This non-tax related initiative has not been implemented, because the City’s Administration changed in June 2015 and the current Administration has been focused on other projects. This includes the demolition of slum and blighted property in the City of Parkersburg. Furthermore, the City and/or its Urban Renewal Authority can already participate in the sale of tax delinquent property at the court house steps, especially on property where the City has issued liens for demolition or delinquent fees.

This non-tax related initiative has not been implemented. While the City Planner position has been filled (since the 2018 report), the focus has been on developing policies and procedures that streamline the review process. For example, the Administration developed a new Development Plan Review Checklist for all commercial development (new construction and/or rehab).

Article 778: Consumer Sales and Use Tax was enacted on December 16, 2014 with an effective date of July 1, 2015. Subsequently, the City’s plan to reduce and/or eliminate Business and Occupation Taxes (Article 779: Business and Occupation Tax) was approved by Parkersburg City Council on January 13, 2015. After receiving comments from the Home Rule Pilot Program Board and an advisory opinion from the West Virginia Attorney General’s Office, further amendments were made to Article 779 so as to be in compliance with the enabling legislation. These revisions were approved by Parkersburg City Council on final reading on July 28, 2015 and were submitted with the City’s 2015 Progress Report.

If no, please describe challenges faced in enacting the related ordinance(s)

**REVENUES** — In the space below, please provide a brief narrative highlighting revenue amounts and revenue categories realized; revenue amounts and revenue categories reduced; net revenue gain; and, any metrics used to track performance.

A one percent sales tax was implemented on July 1, 2015 per Parkersburg City Ordinance 0-1500. Since the tax was implemented, the City has received remittances from the State of West Virginia Tax Department totaling $24,970,577.96 over seventeen quarters. In accordance with the enabling legislation, the City eliminated and/or reduced Business and Occupations Taxes on the following categories:

As a result, the City foregone/lost approximately $9,350,000 in B&O taxes during the same time period. To date, the implementation of the City’s sales tax and subsequent reduction and/or elimination of B&O taxes has had a net revenue gain of approximately $15,620,577.96.

SUCCESSES – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance.

In addition to stabilizing the City’s general fund budget, funds have been used to make significant capital and infrastructure improvements. This includes replacing outdated equipment, street repairs and other public works related projects.

LESSONS LEARNED – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

As previously reported, the City had initially planned to reduce B&O taxes on January 1, 2016. After receiving some questions from the Home Rule Pilot Program Board and an advisory opinion from the West Virginia Attorney General’s Office, the City revised its plan so the implementation of the City’s sales tax would simultaneously coincide with a reduction in B&O taxes. As such, the City had to revise its budget for fiscal year 2015-2016. There have been no issues since then regarding this tax initiative.
