*****Corrections from 2022 progress report:**

B&O tax for the 3rd quarter 2021 was \$31,378.56 and the 3rd quarter 2022 was \$31,560.84, NOT \$65,034 and \$73,059, respectively, as previously reported.

The Town of Reedsville reduced the B&O tax in the category: Retail (from \$0.50/\$100 to \$0.30/\$100, a 40% reduction).

- Retail B&O Tax was reduced by 40% starting 7/1/2022 and the 1% Sales Tax began 7/1/2022.
- All B&O Tax for fiscal year 2021-2022 was **\$135,881.96**.
- All B&O Tax for fiscal year 2022-2023 was \$139,130.13 (an increase even though retail B&O tax was reduced at 40%). The B&O Tax provided an **increase of \$3,248.17** for this particular year.
- The 1% Sales Tax for fiscal year 2022-2023 was \$80,508.05. This means the Town received an **additional \$80,508.05** in revenue for this particular year.
- The grand total income for B&O Tax and 1% Sales for the fiscal year 2022-2023 was **\$219,638.18**.

SUCSESSES – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance.

The Town has used the additional monies to begin the process of beautifying our Town Park. Regular funds from B&O tax revenue alone could not assist in any larger projects. The first phase of the Town Park project added walking paths with lights, greenery, signs, bench seating, picnic table seating with ADA accessibility, trash cans, and a bike rack near our basketball court.

The Town was able to pave its first street since approximately 2012. We were able to purchase a paver with ARPA Funds and the blacktop with the additional 1% sales tax, so the paving could be kept in-house. The approximate cost to pave the 500' street from a contractor was \$65,000. The total cost for our employees to pave the 500' street was \$17,800. This was a savings of approximately \$47,200.

As you can see, the Town is trying to maximize the amount of projects that can be completed with the 1% Sales tax by using our resources and equipment (paver will be used for years to pave many more streets). Many town streets are in a dreadful condition, and the Town Council wants to ensure the community benefits with current and future projects.

LESSONS LEARNED – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.

In small towns like ours, it is hard to complete large projects, such as paving. The Town was fortunate enough to purchase a paver with other funds; however, we have learned to reach out to other communities for assistance. Whether it is knowledge, equipment, or a helping hand, the town employees were able to learn how to pave and save approximately 72% on just one paving project.
