West Virginia State Code §8-1-5a (m) provides:

“Commencing December 1, 2015, and each year thereafter, each participating municipality shall give a progress report to the Municipal Home Rule Board and commencing January 1, 2016, and each year thereafter, the Municipal Home Rule Board shall give a summary report of all the participating municipalities to the Joint Committee on Government and Finance.”

The Municipal Home Rule Board has developed this standard format for Home Rule Program participating municipalities to prepare and submit their respective Annual Progress Reports. The intent of this standard format is to gather and compile information in a consistent, easily understood, and efficient manner that will be used to develop a concise and practical summary report to the Joint Committee on Government and Finance.

Annual Progress Reports must be submitted electronically as an individual file in PDF format no later than the close of business on the first business day of December, by emailing to WV Municipal Home Rule Board at MunicipalHomeRule@wv.gov.

If no, please describe challenges faced in enacting the related ordinance(s).
<p>REVENUES – In the space below, please provide a brief narrative highlighting revenue amounts and revenue categories realized; revenue amounts and revenue categories reduced; net revenue gain; and, any metrics used to track performance.</p> <p>First full year collections for 1% sales tax was \$1,507,361 which was a slight increase over last year. Net revenue gain after B&O tax and fee reductions was \$1,355,868.</p>
<p>SUCCESSSES – In the space below, please provide a brief narrative highlighting projects, improvements, programming, etc. realized through the implementation of this revenue initiative and any metrics used to track performance.</p> <p>Now that multi-year of collections has transpired, we have a good idea of where our annual revenues will fall and can plan projects accordingly. We have done a 2.3 million dollar property purchase with additional purchases in the planning stages. We are still under construction on a major storm sewer project. Changes to the B&O tax code on new car sales also has us operating on a more conservative basis than normal with unknown factors if those changes will stop at new car sales.</p>
<p>LESSONS LEARNED – In the space below, please provide a brief narrative highlighting lessons learned during implementation of this revenue initiative that would benefit other municipalities.</p> <p>I think the biggest lesson learned or challenge encountered was the lack of full participation by local businesses. Several were not aware of the sales tax implementation on July 1 and subsequently did not collect it. Communication with the Tax Department revealed they are working with those businesses to get that corrected and subsequently our revenue collections have continued to increase.</p>
